Liability measures:

1. Failure to perform an obligation to undergo mandatory procedures within the established time limits entails a reduction in the period of foreign citizens' and stateless persons' temporary stay in the Russian Federation.

2. Based on the results of a medical examination, the period of temporary stay in the Russian Federation of foreign citizens can be reduced, and, in cases provided for by the legislation of the Russian Federation, in relation to such citizens a decision on the undesirability of their stay (residence) in the Russian Federation or a decision on non-permission to enter the Russian Federation can be made, if,:

- the fact of their use of narcotic drugs or psychotropic substances without a doctor's prescription or new potentially dangerous psychoactive substances has shown the existence;
- or it is proved that these foreign citizens suffer from a disease caused by the human immunodeficiency virus (HIV infection) (with the exception of foreign citizens and stateless persons suffering from a disease caused by the human immunodeficiency virus (HIV infection), if these foreign citizens or stateless persons have family members (spouse, children (including adopted children), parents (including adoptive parents) who are Russian Federation citizens or foreign citizens or stateless persons permanently residing on the territory of the Russian Federation, and at the same time there are no their violations of the legislation of the Russian Federation on preventing the spread of HIV infection);
- or suffer from one of the infectious diseases that pose a danger to others.
